

Inspiration combining young talents, bedrock, great thermal amplitude and luminosity

In the Old Family Winery built in 1928, located in Santos Lugares (Canelones), modern wines are produced, endowed with finesse and great charm.

In this privileged terroir, the vines find rustic and stony soils of good drainage, favoring the intensity, concentration and aroma of the grapes and wine. Its shallow clay-sandy soil rests on a bed of rock composed of pink decomposing granite of about 500 to 600 million years old that only exists in this region. Welcome to our Winery to taste our wines and learn about the history of a family tradition that is now in its sixth generation.

Antigua Bodega offers *two options*:

- Tour of the winery with tasting of 4 wines and empanadas
- Tour of the winery with tasting of 4 wines and lunch

DEPARTURES:
From Monday to Saturday from 09:30
